

SOLUTION FOR EVERY INDUSTRY

EduFacts provides Domestic and International Educational Credential Verifications, Past and Present Employment Verifications, Professional and Personal Reference Checks, Professional License Checks, and Authorship Verification in **better than industry standard turn around time**. Backed by powerful **web based** state of the art research application software, it is designed to **simplify** the verification process. Intuitive and easy to use it reduces the time clients spend in completing an applicant's file. The screening team includes experts and experienced research specialists familiar with client's unique needs.

Simple as 1-2-3

1. Submit Request on-line

2. Request is Verified

3. Result is Transmitted

The **EduFacts** research and investigation experts can help you better optimize your resources so you can focus on growing your bottom-line profits.

Cost tailored to meet your budget

Flexible Pricing Plans

EduFacts pricing model is based on usage. The prices for the basic services are reduced as the client usage volume grows. Additional incentives are provided to clients with long-term subscriptions.
