

# POS Connect

## Bookstore to Financial Aid Datatel Interface

### Overview

Getting valuable financial information from point A to point B can be a risky venture. Accuracy and timeliness are always a vital issue. Fortunately for you, POS-Connect ties all your point-of-sale systems directly in with your business office- in real-time. No more vouchers. No more duplicate data entry. No more wondering if the funds are really available. You can be secure in the knowledge that the information you see is always current.

### Financial Aid Benefits
